Experience

ROC.PH Digital Marketing Services   May 2020 – August 2020
Front End Website Developer Intern   *Beaumont St., Cavite*

- Interned in an Assistant Team Lead (ATL) capacity during the tenure.
- Created responsive prototypes for client presentations, ensuring alignment with UI/UX designs.
- Effectively implemented e-commerce features using WooCommerce on the WordPress platform.
- Played a key role in improving client satisfaction, reinforcing e-commerce capabilities.

NFRDI-FFRDC   January 2019
Research Assistant - Work Immersion Student   *Barangay, Taal - San Luis Rd, Taal, 4208 Batangas*

- Collaborated with a team of experts as a research assistant, contributing to experimental design, data collection, and analysis.
- Enhanced workflow transparency by developing and maintaining comprehensive documentation for inventory procedures.

- Ensured optimal conditions for fishes and their tanks through diligent preparation of documents and reports.
- Engaged in training new team members on inventory management best practices.

Projects

AquaReUse | *HTML, CSS, Bootstrap, Firebase, JavaScript, Arduino*   **2022 – 2023**

- Identified the absence of water recycling management and susceptibility to flooding at Lemery Senior High School, highlighting an opportunity for improvement.
- Played a key role in developing a project, with a primary focus on front-end tasks and active involvement in data gathering.
- Conducted in-depth research by engaging students and professors, leveraging HTML, CSS, and Bootstrap to craft an intuitive and age-inclusive user interface.
- Improved website functionality by applying effective UI/UX principles, simplifying the back-end development process.
